

Drug and Alcohol Addiction Services

We recognize that addiction touches every area of life including work, family and finances; and that recovery happens through personalized and comprehensive care, provided in a warm, caring, and friendly environment. LSS offers this type of quality care for people seeking assistance in their recovery, using best practice and evidence based services.

In response to the devastating impact of the opiate addiction epidemic in our communities, LSS also offers Medically Assisted Recovery Services. We provide medical support to help persons experiencing addiction rebuild and maintain their lives.

Substance Use Disorder Services include:

- Medically Assisted Recovery (*including Suboxone and Vivitrol*)
- Adult Intensive Outpatient Group
- Adult Non-intensive Outpatient Group
- Individual Substance Use Counseling
- Smoking Cessation

All services are provided by certified chemical dependency counselors.

Life.Support.

Life is full of challenges. Our ability to cope with these challenges are as different as our individual personalities. Whether you're facing an addiction, depression or struggling with one of life's stressful moments, no one ever said you had to overcome it alone.

Support is the mission of Lutheran Social Services of Northwestern Ohio (LSS). For more than 100 years we have been supporting those in need throughout northwest Ohio and southeast Michigan with hope, compassion and stability.
